

SAVE OUR BEER

JOIN THE NEW YORK WATER RANGERS AND FRIENDS TO CELEBRATE AWARD-WINNING WATER AND BEER!

New York's water makes Heartland Brewery's beer great! And right now, our water and beer are at risk from fracking. The gas industry wants to frack thousands of wells across the state, endangering the health and safety of our water and forever changing our communities.

Join the Manhattan Young Democrats, New York Water Rangers and United For Action to learn more about fracking, connect with local activists and protect our water, communities and beer from toxic fracking chemicals.

YOU CAN HELP! Join us to learn how to get involved!
