Dear Commissioner <sup>Joe :</sup> Martens:

ccu#201301388

Thank you for your letter of February 28, 2013 in which you requested that the termination date set forth in Section 1.B of the agreement between the New York State Department of Environmental Conservation and the United States Environmental Protection Agency for the Organization and Administration of the New York State Clean Water State Revolving Fund be extended to December 31, 2014 from December 31, 2012. Your request for the extension is granted. I have signed and dated your letter, which is enclosed.

I am pleased to report that New York State's Clean Water State Revolving Fund program has made a very large contribution to water quality in New York State. It is the largest program of its kind. The \$12.2 billion of financial assistance that it has provided represents 13 percent of the national total.

If you have any further questions, please contact me directly at 212-637-5000 or have your staff contact Joan Leary Matthews, Director, Clean Water Division, at 212-637-3724.

Sincerely,

Judith A. Enck
