Leonardo DiCaprio, award-winning actor, producer and activist, is well known for his dedication to the environment on a global scale. As Chairman of the Leonardo DiCaprio Foundation (LDF), he works to protect biodiversity, implement ocean and forest conservation and educate the world about climate change. In addition, he has produced numerous environmentally themed creative projects and documentaries to increase awareness and ignite change.

Ralph Lauren, whose name is synonymous with the American lifestyle and timeless design, proudly leads the Ralph Lauren Corporation with a deep commitment to protecting the environment. Through global transformational initiatives, in the areas of energy and resource efficiency, logistics, and supply chain, he encourages his employees and business partners to support a more sustainable world. A lifelong New Yorker, he has been supporting Riverkeeper for almost two decades.

Dr. Howard A. Rubin is recognized for his pioneering work in computer science, oceanography, technology economics and his twenty years of leading Riverkeeper in our efforts to protect the environment, our drinking water and the Hudson River as a Board member, then Treasurer and subsequently as the Chair of Riverkeeper's Board from 2009-2015.
